Getting Started

An OTP is sent to verify contact person details.

Verify Account

This ensures proper linkage and access to specific dispatches.

Select Account

Sign Up

Provide the Business
name & contact
person details

Set & confirm
password

Welcome To Peak Mobile!

☐ Agree to our [terms & conditions?](#)

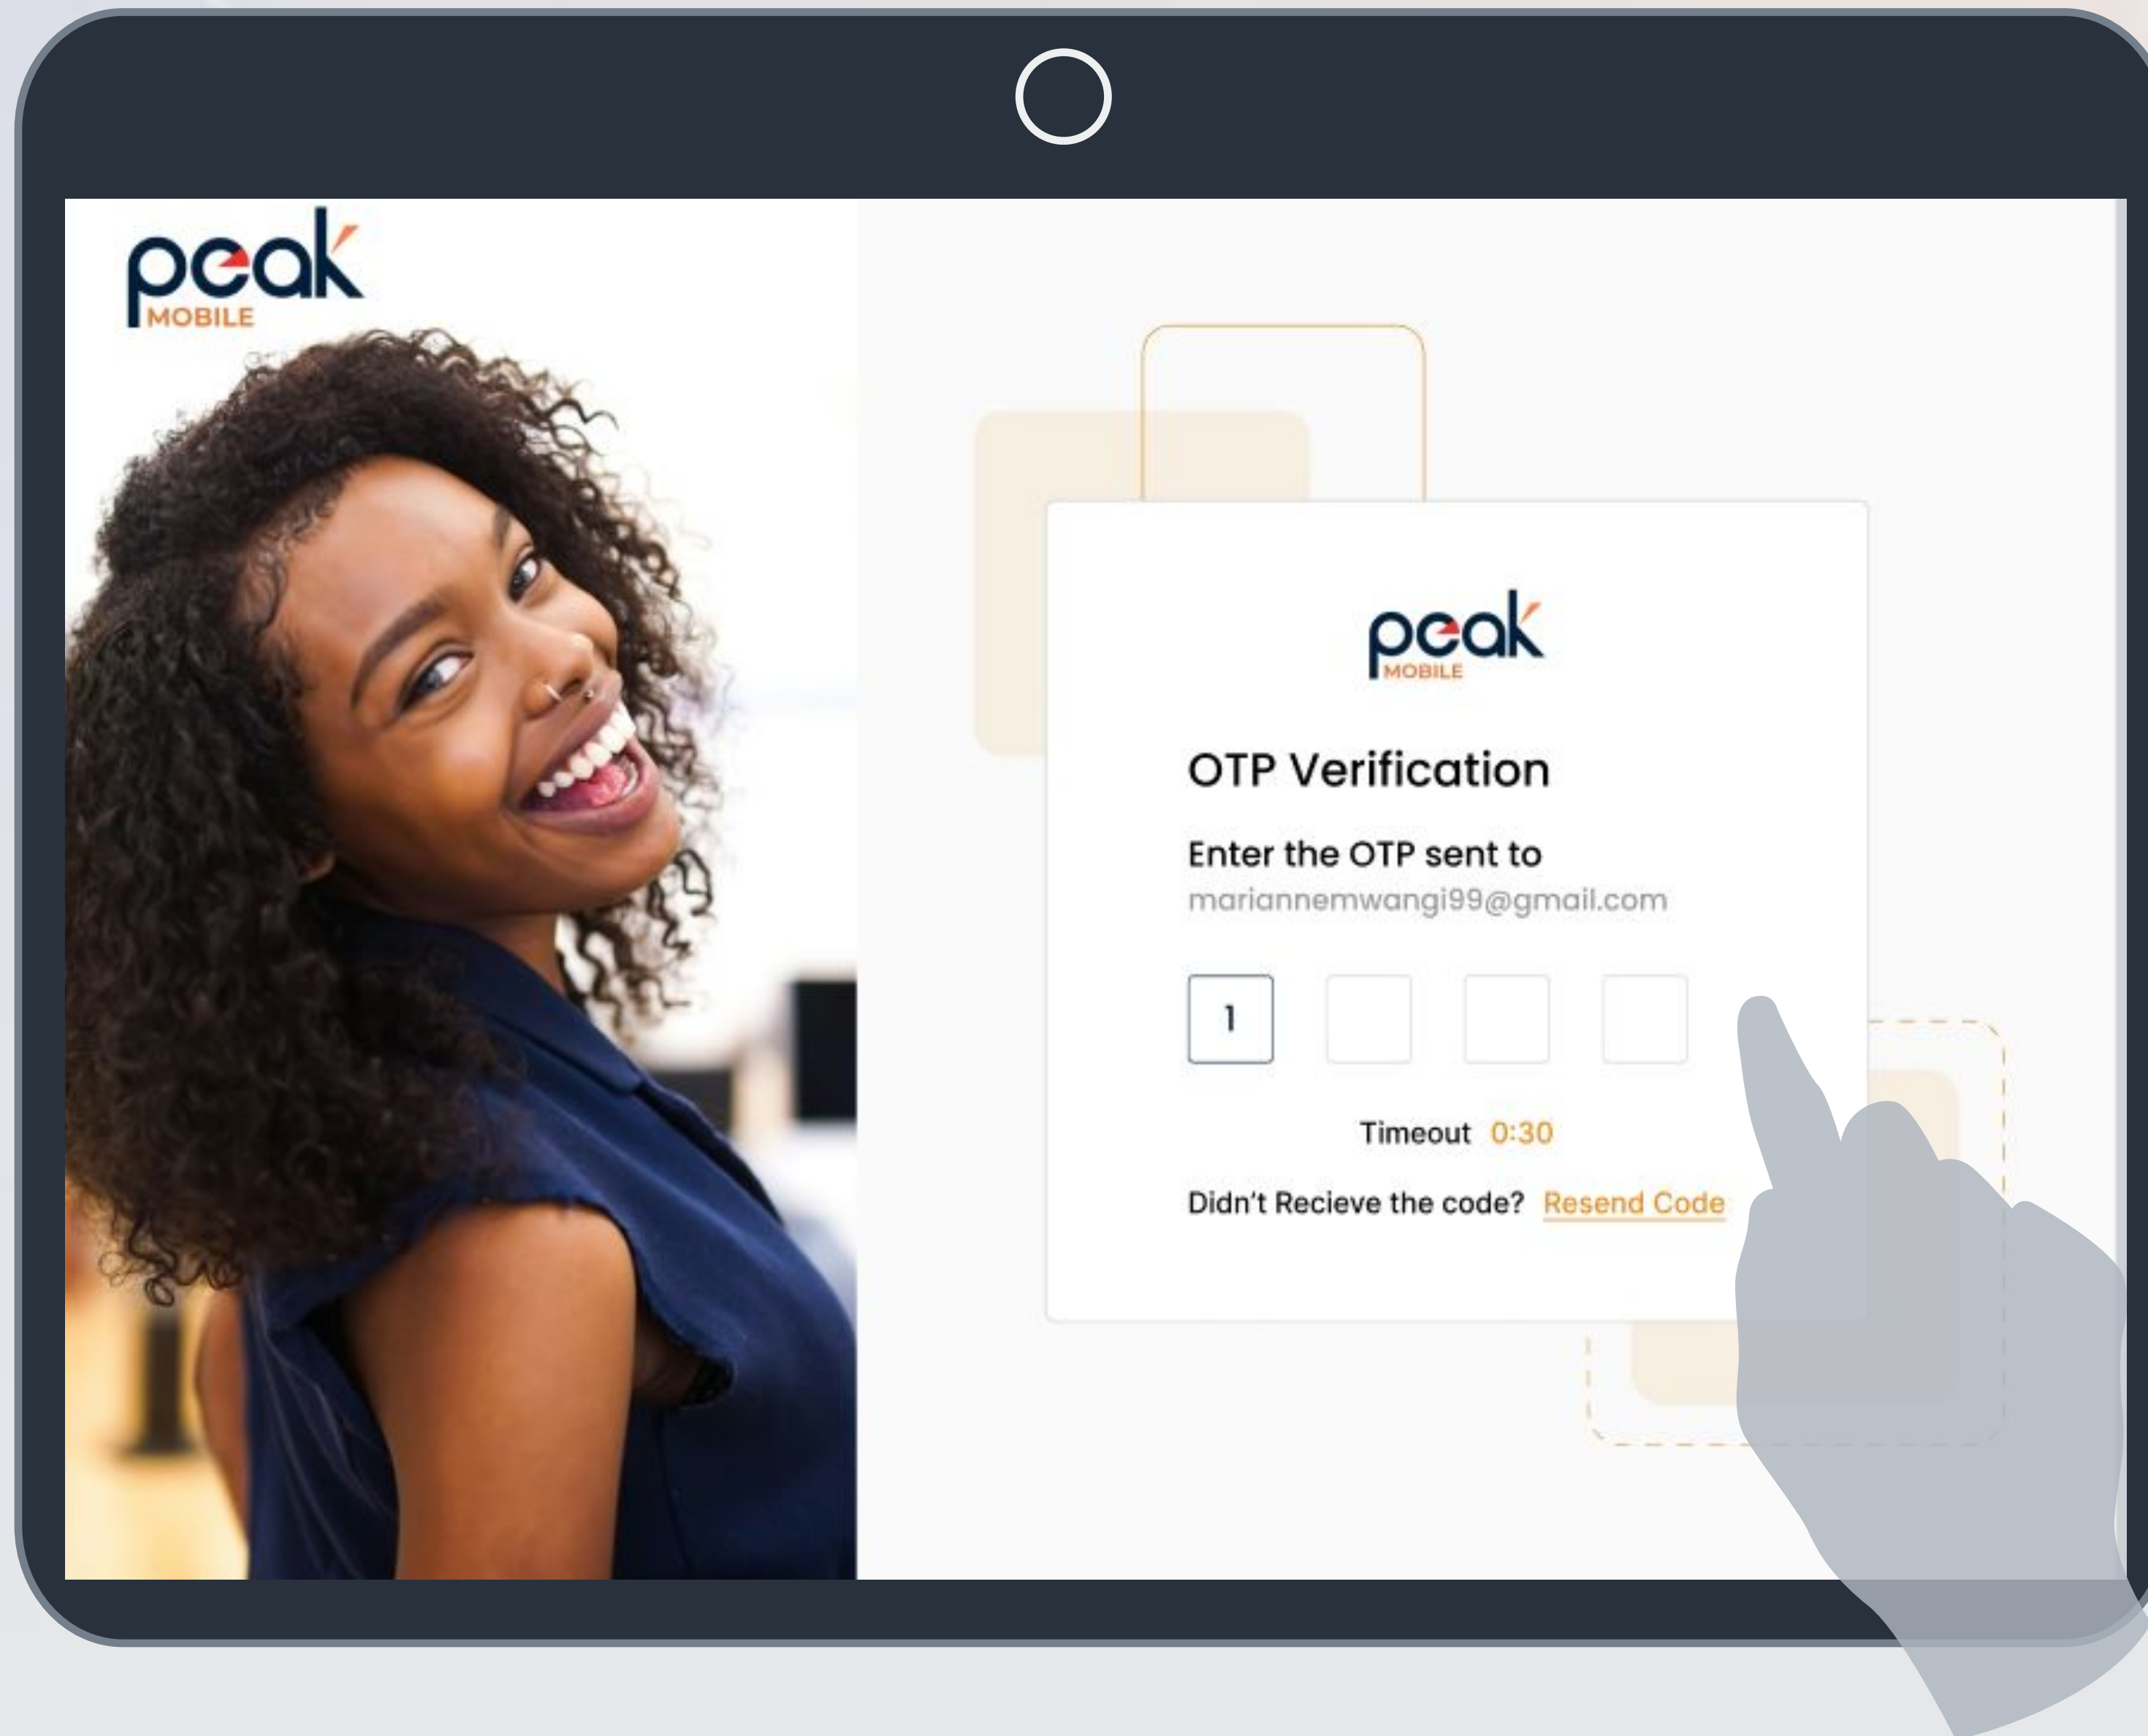

Sign-Up

Already have an account? [Login](#)

Or

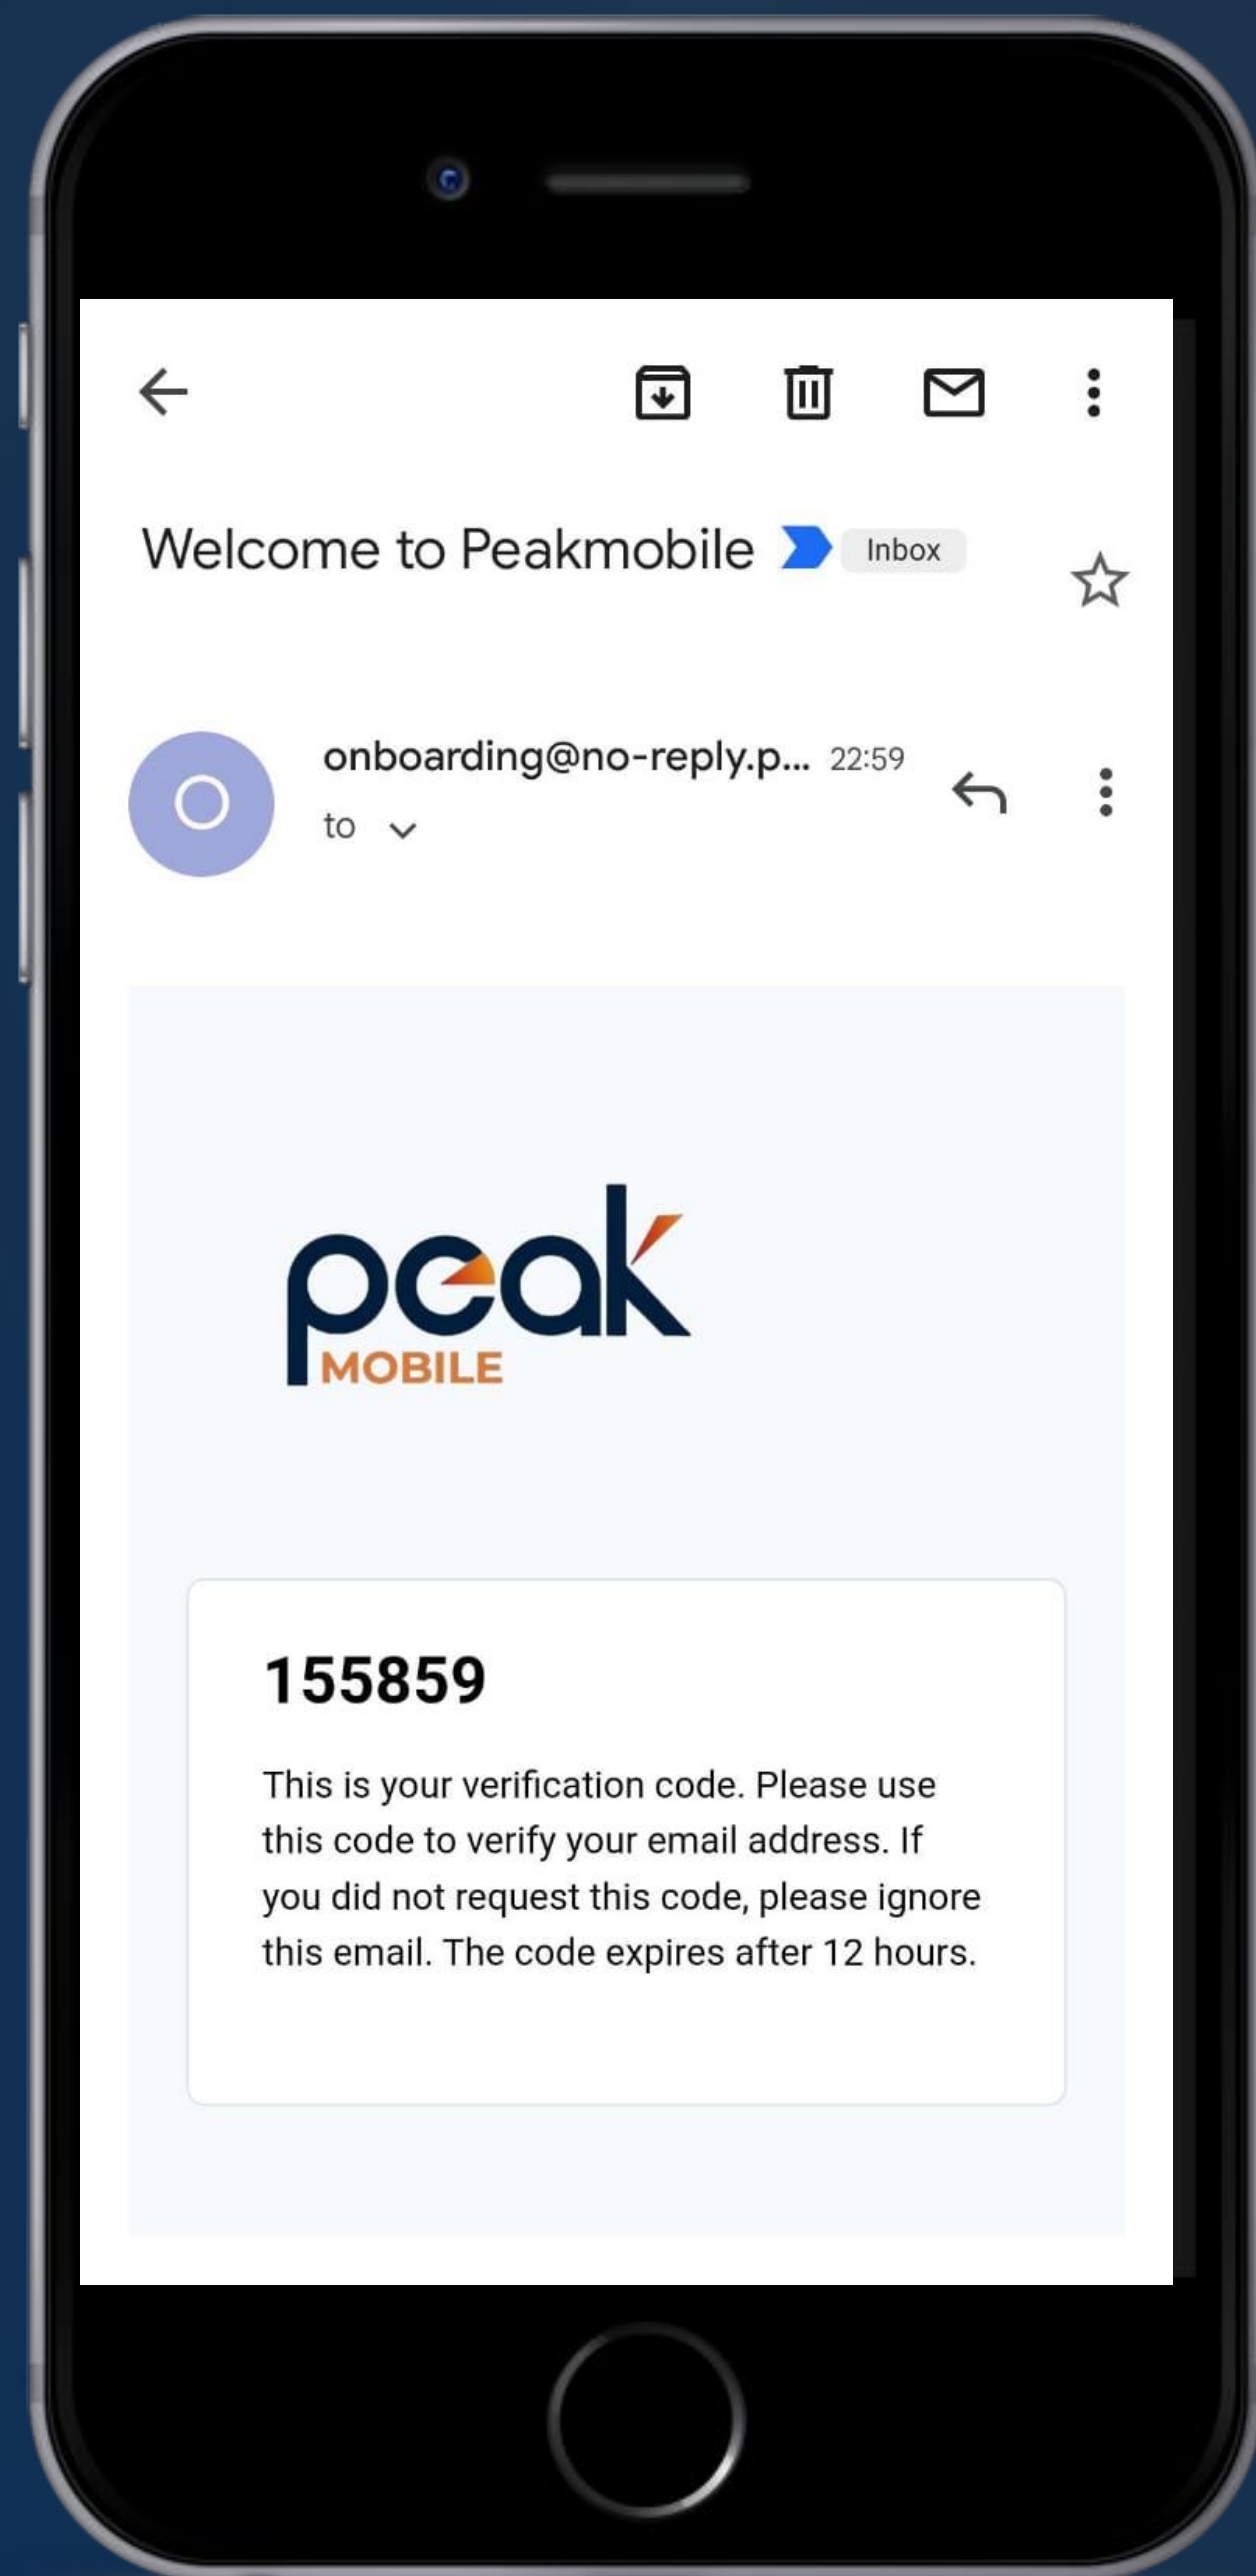

Read and agree to our
terms and conditions
before proceeding to sign
up.

Finish setting up..

Provide the OTP sent before time lapses.

If you did not receive it you can click “Resend code” to generate a new one.

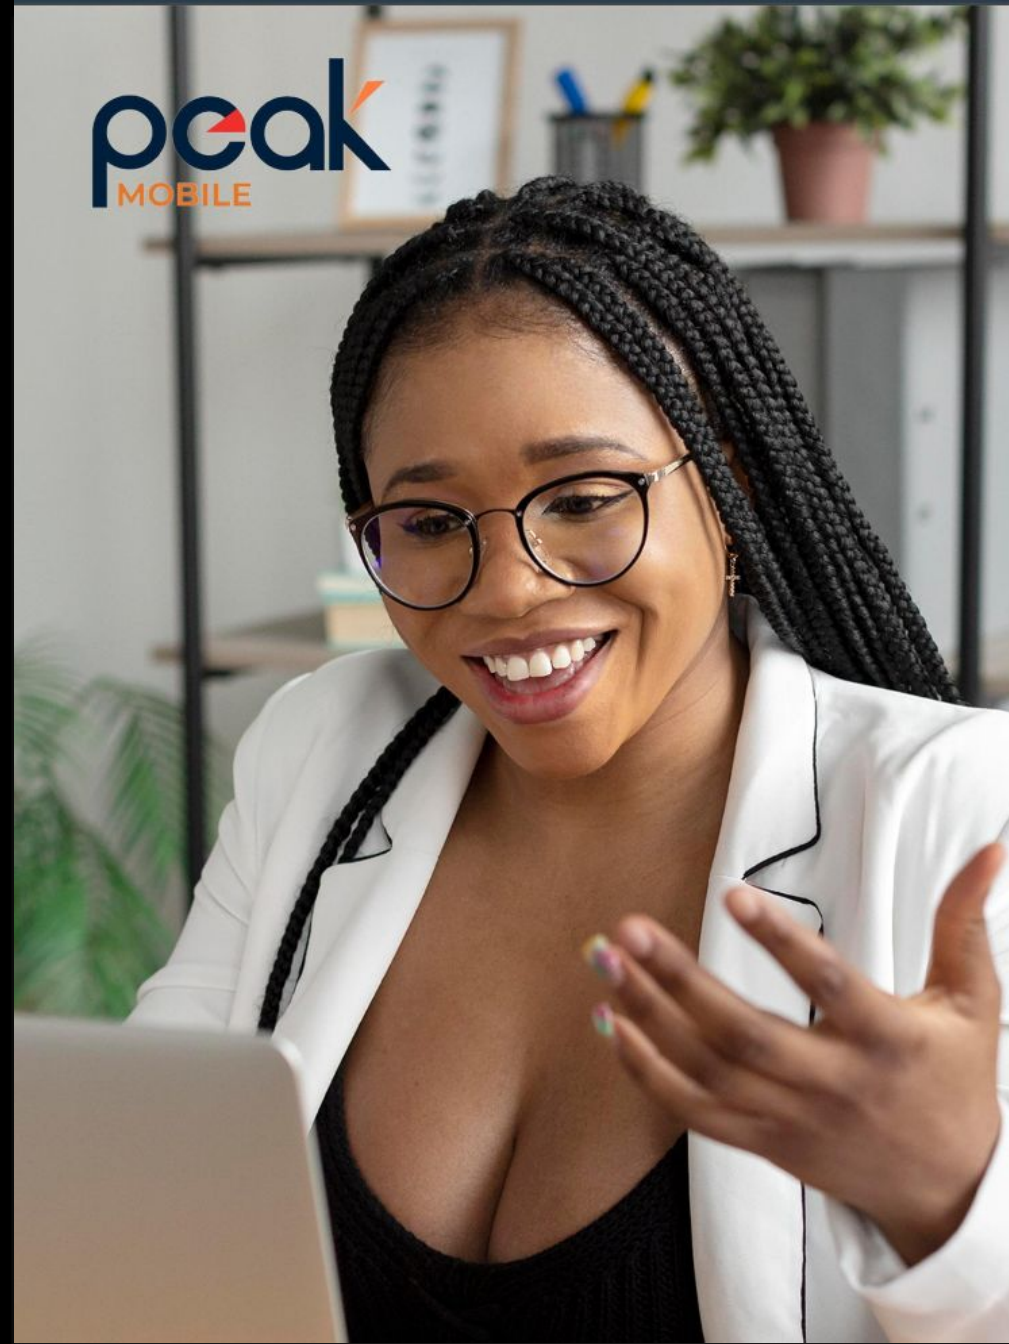

Verify OTP

Confirm the otp sent to your email and use it to finish registration

Make sure each entry aligns with the column headers

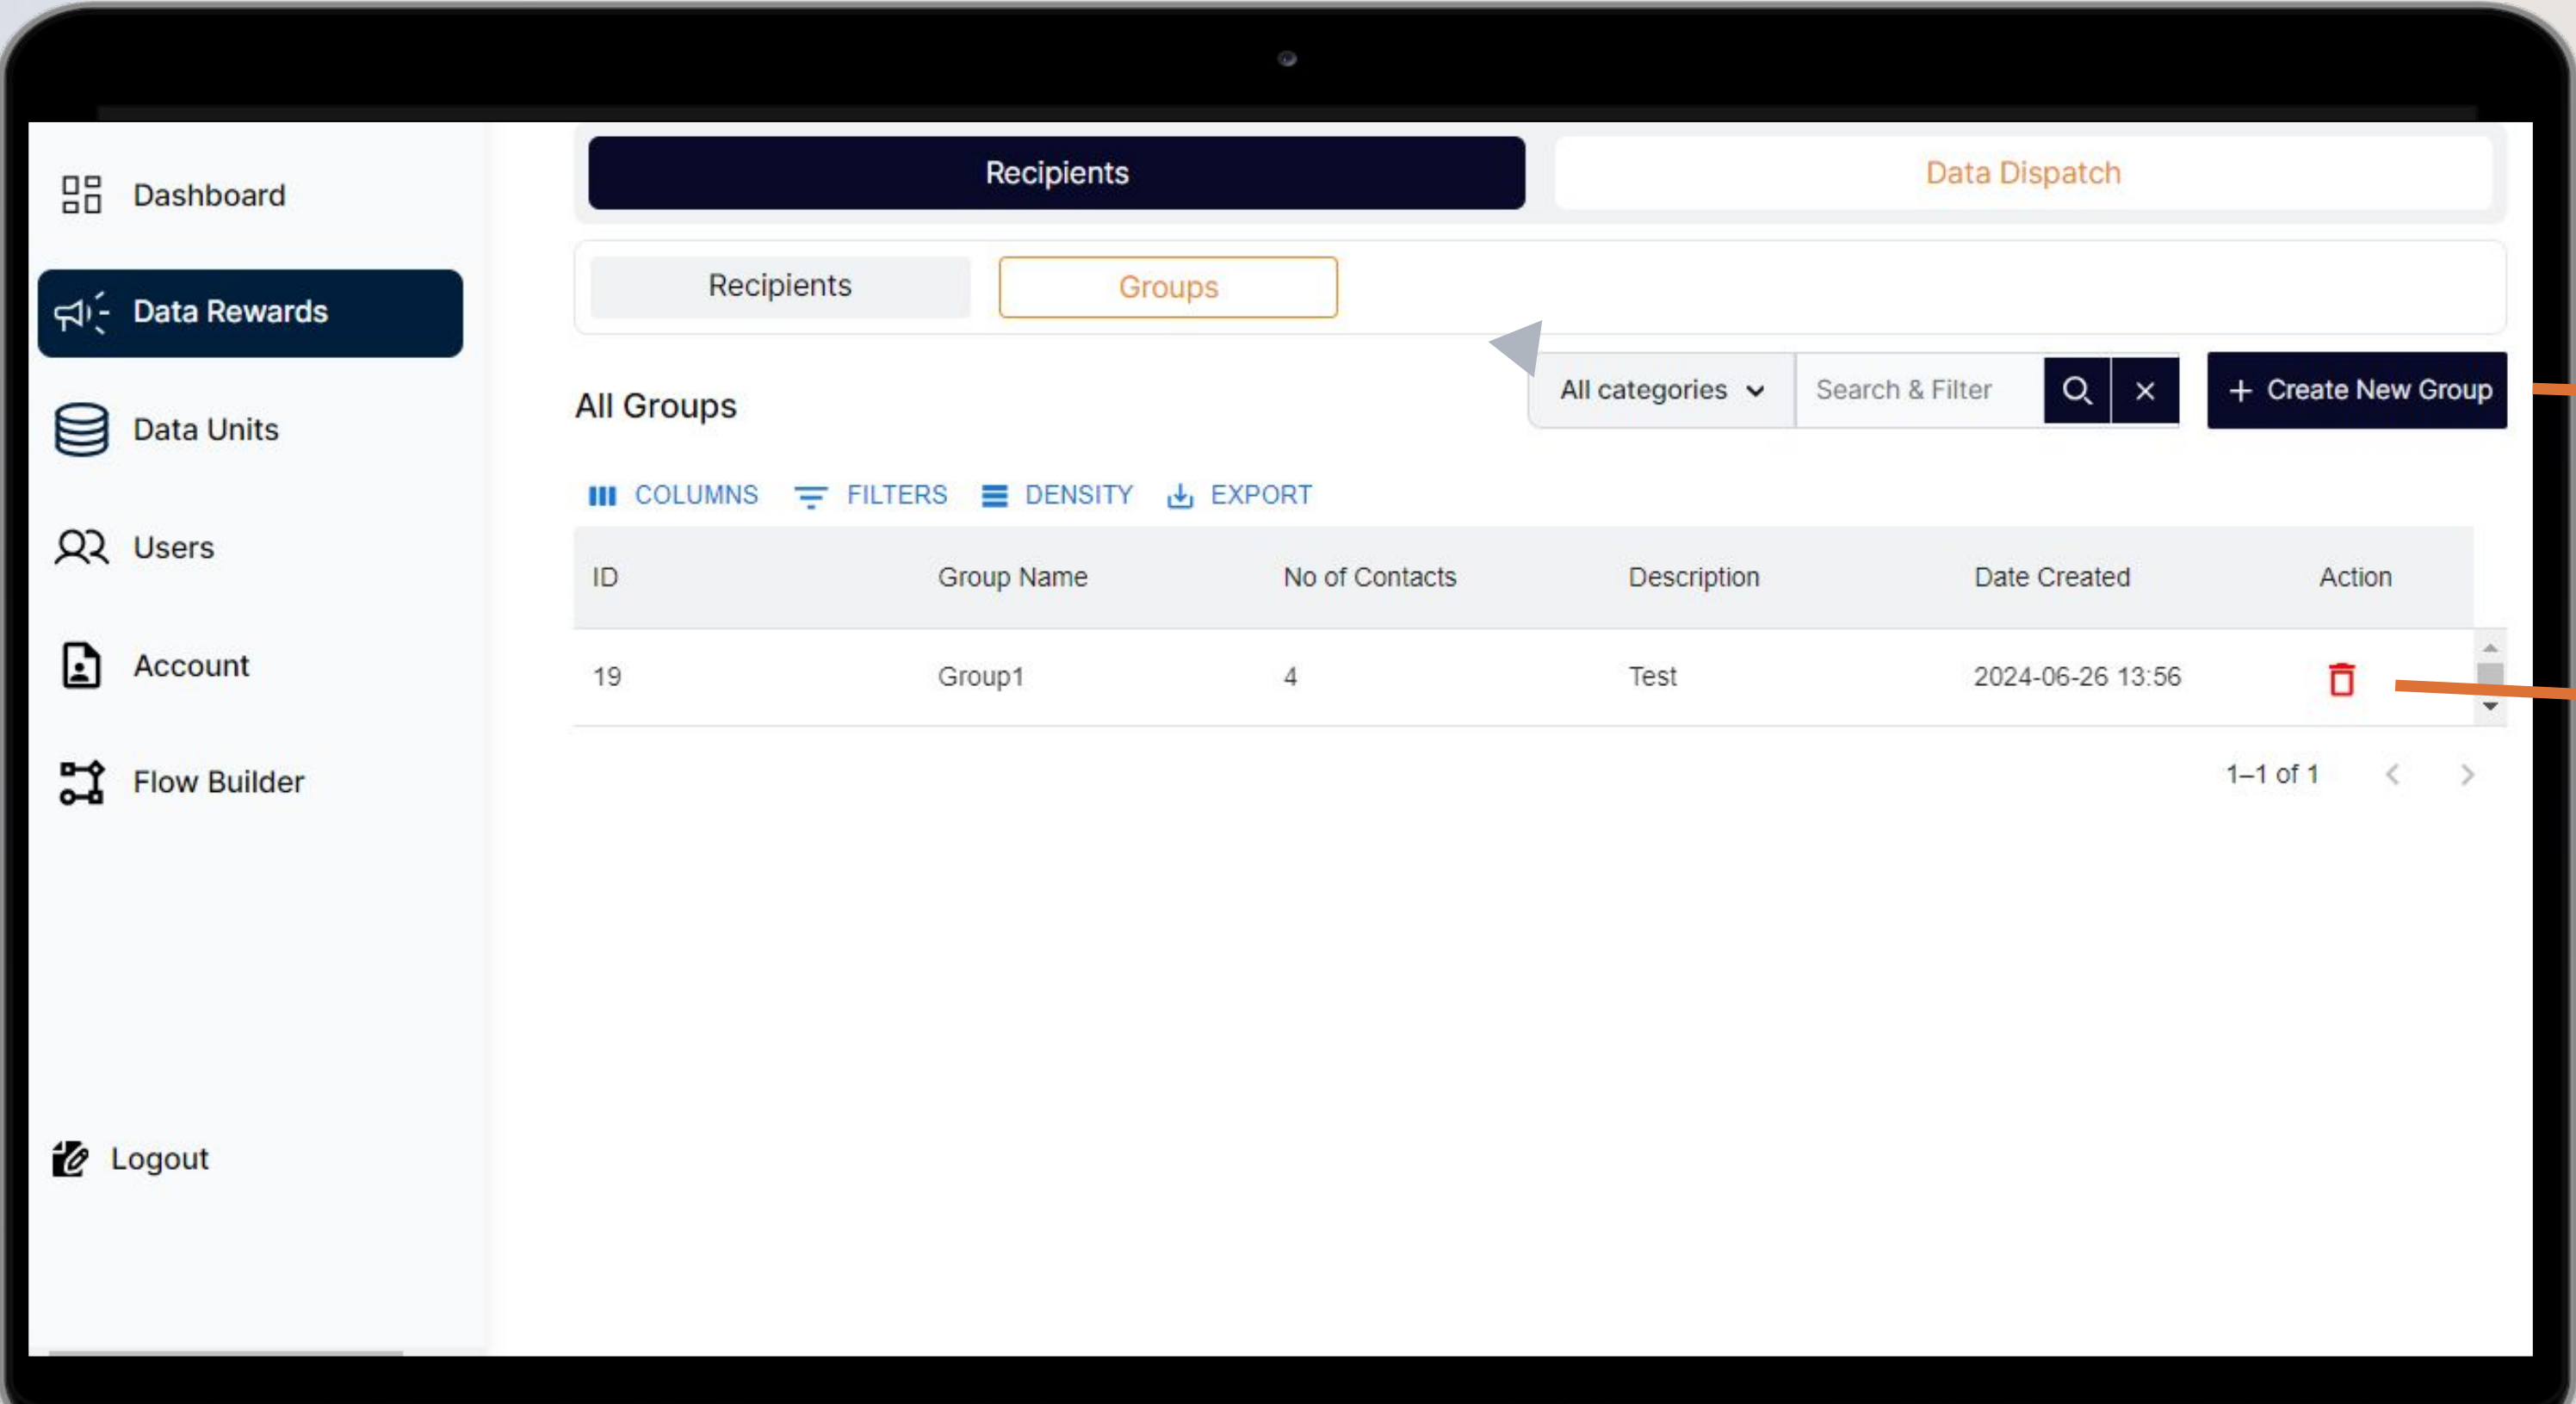

Manually add a contact

Manually add a contact by providing the contact name and phone number.

Once done Review and Submit.

Contact Groups

To add a new list of contacts, select “Create New Group”

Deactivate a group by selecting the action icon.

Create Group

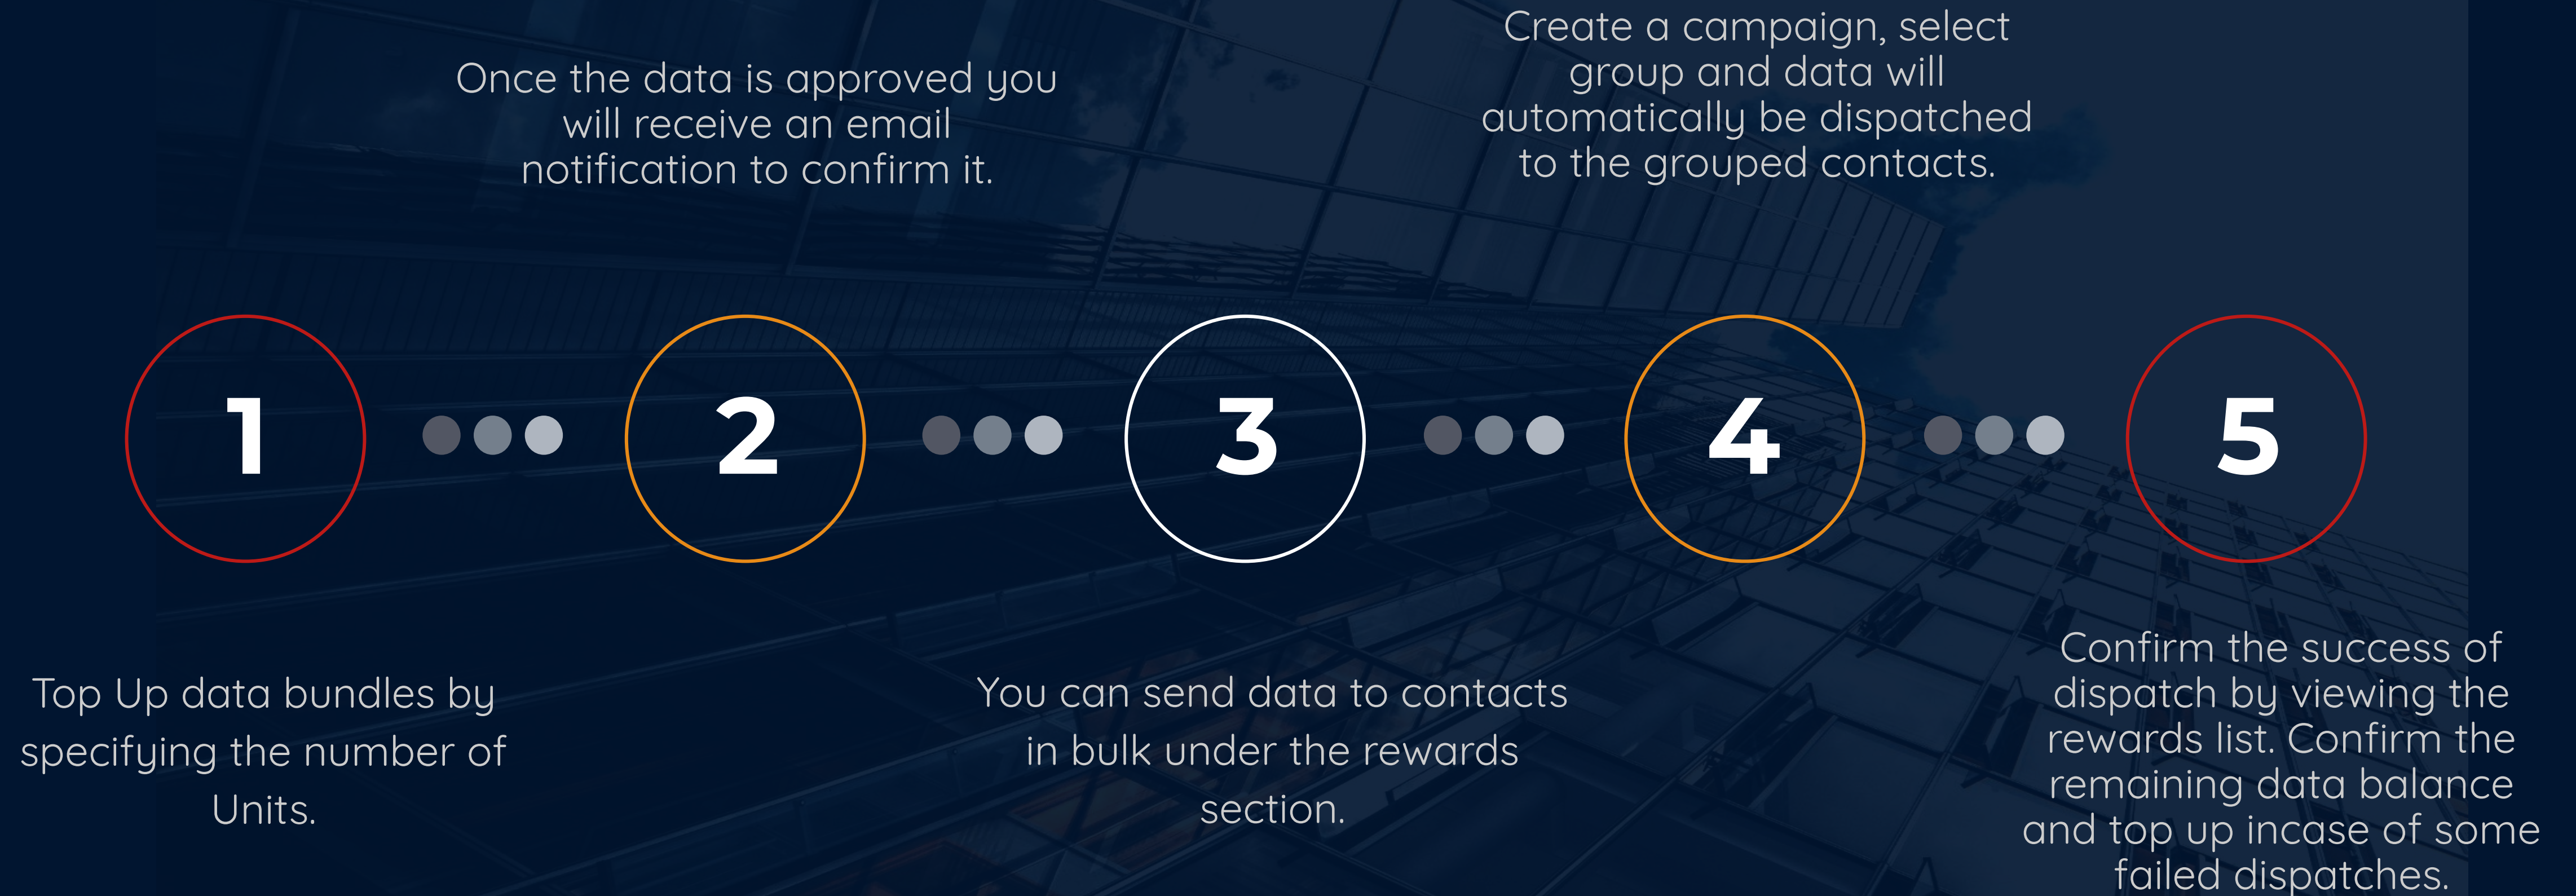

Please provide
the Title of the
contact group

Download and fill
template with the
list of contacts

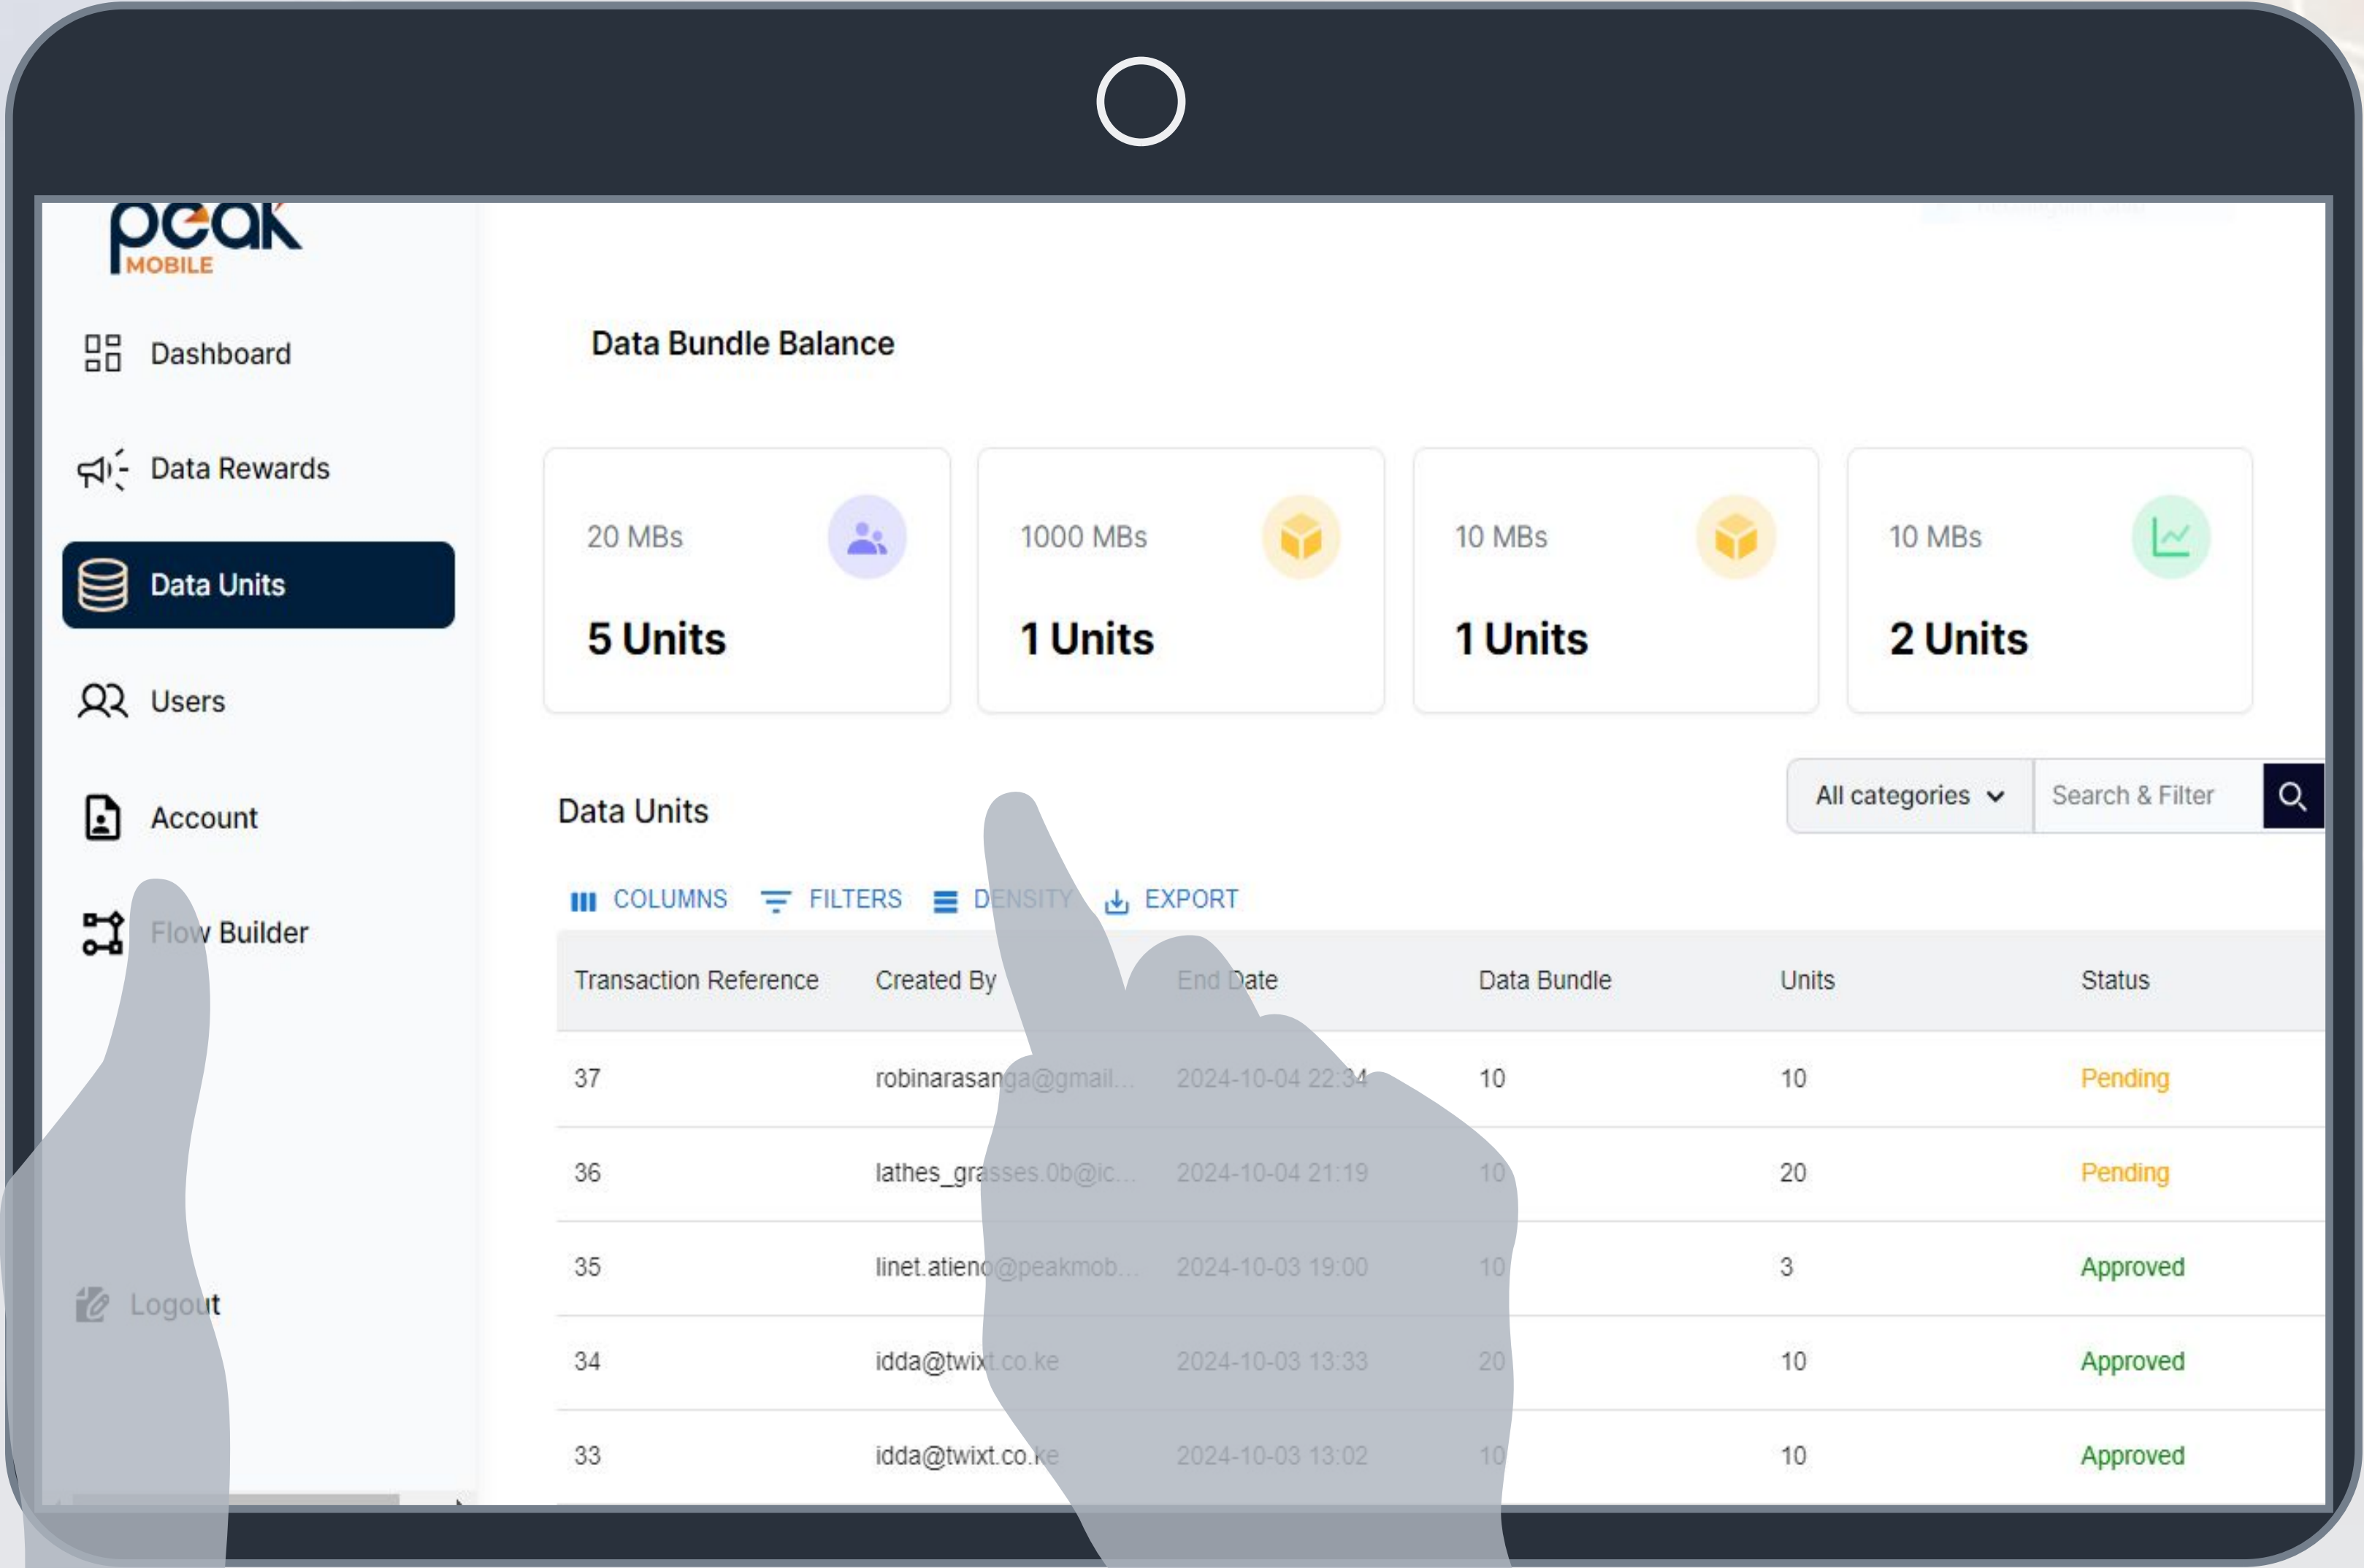

Review and
submit

The image shows a laptop screen with a web application interface. A modal window titled "New Group" is open in the center. The modal has a title bar with a back arrow and a "Download CSV Template" button. It contains three main sections: "Group Name" with a text input field containing "Group 1"; "Upload CSV File" with a "Choose File" button and the text "No file chosen"; and "Description" with a text area containing "Description for the Group". At the bottom of the modal are "Cancel" and "Submit" buttons. Three orange arrows with text annotations point to specific parts of the interface: one to the "Group Name" input field, one to the "Download CSV Template" button, and one to the "Submit" button. The background of the laptop screen shows a blurred view of the application's main interface, including a "Recipients" tab and a table with columns like "ID", "COLUMNS", "FILTER", and "Date Created".

The Data Dispatch process

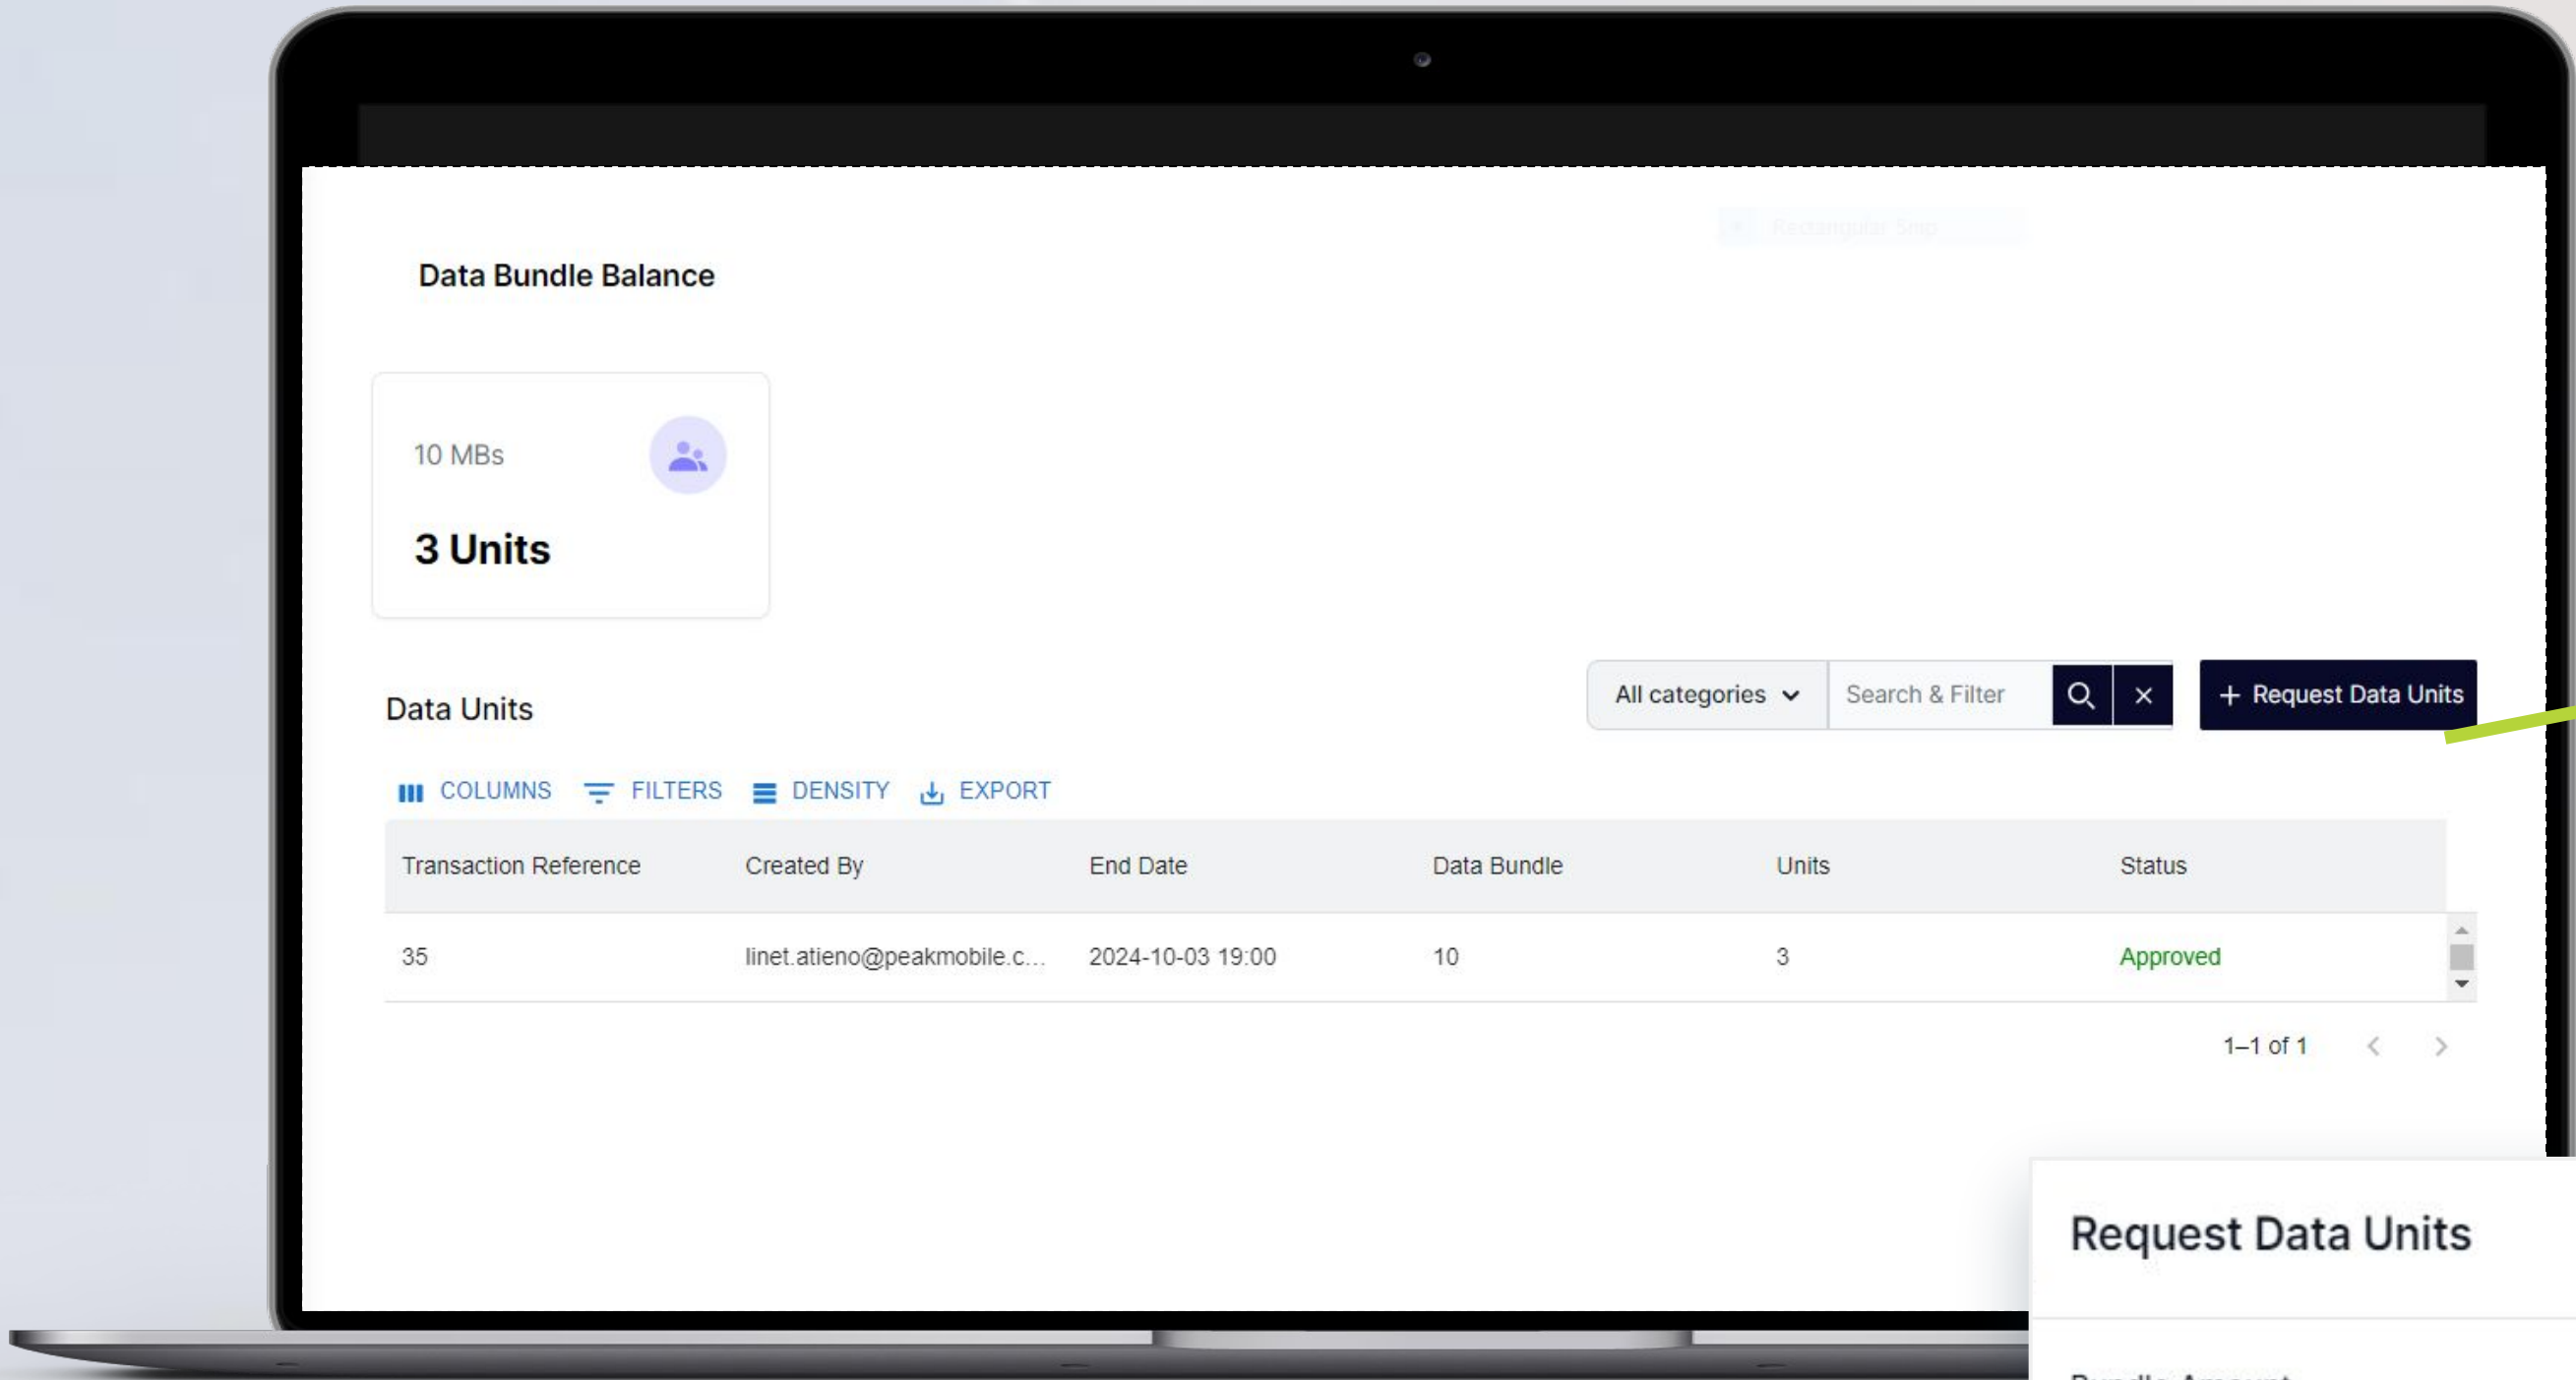

Confirm your available Units

Confirm if the number of units you have for your rewards is sufficient

Request Data Units

Top up by selecting the “Request Data Units” button.

Request Data Units

Click the “Generate Voucher” button to generate a new voucher.

Generate Voucher

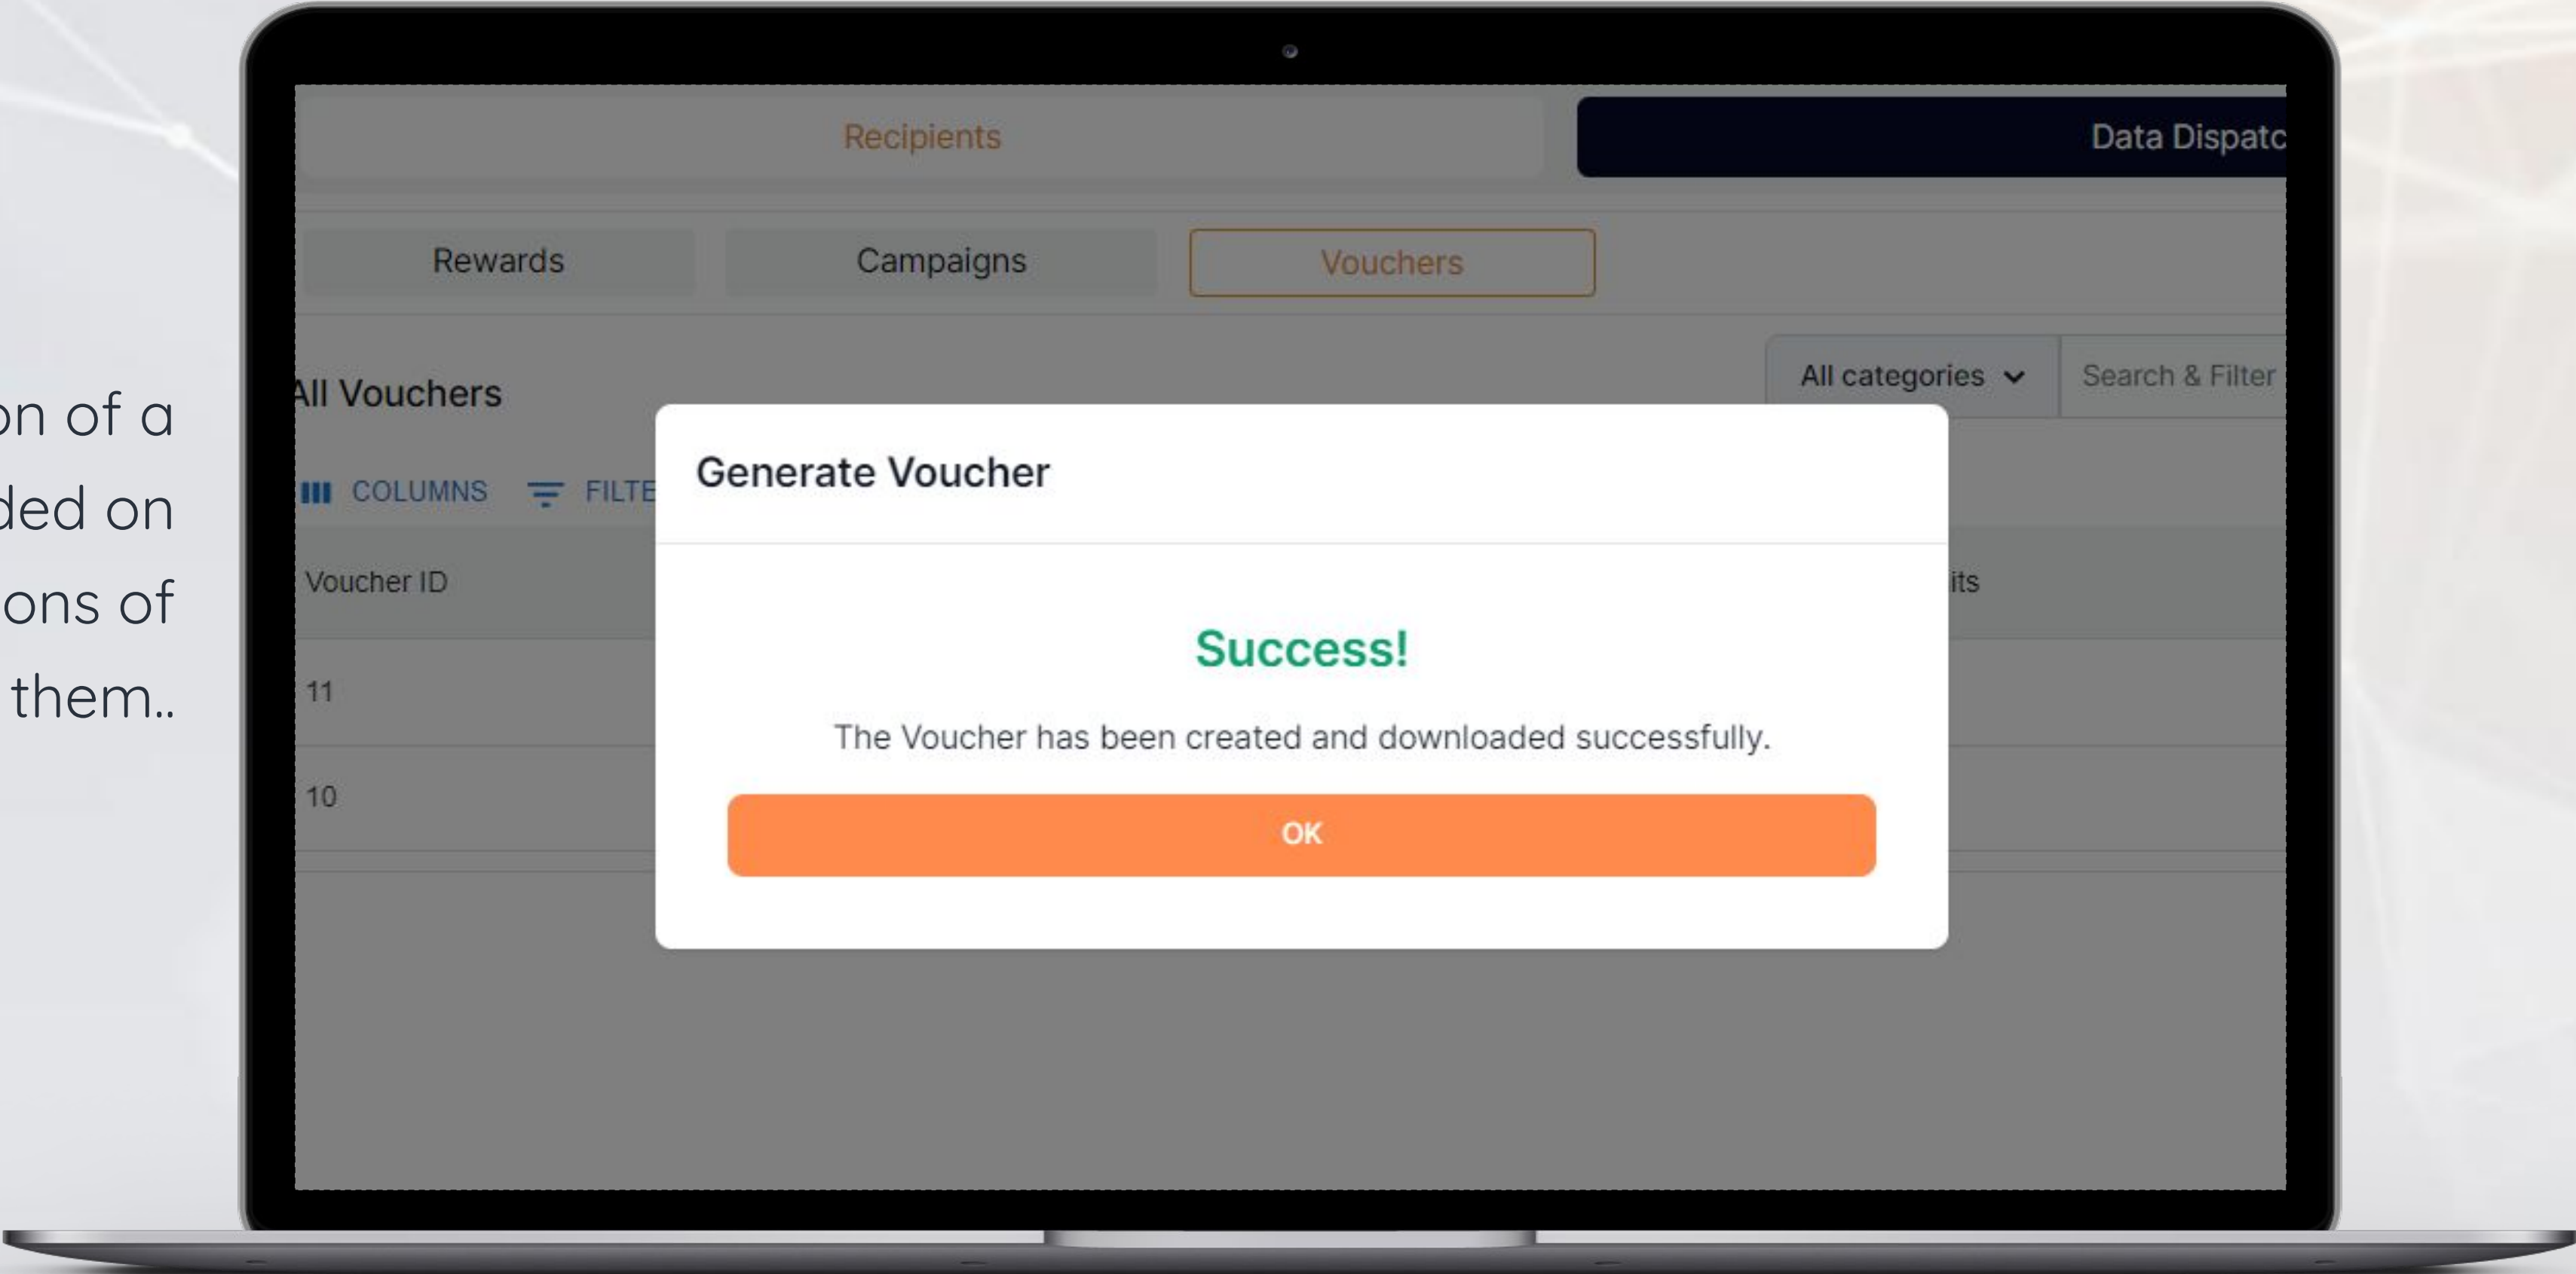

Success!

The Voucher has been created and downloaded successfully.

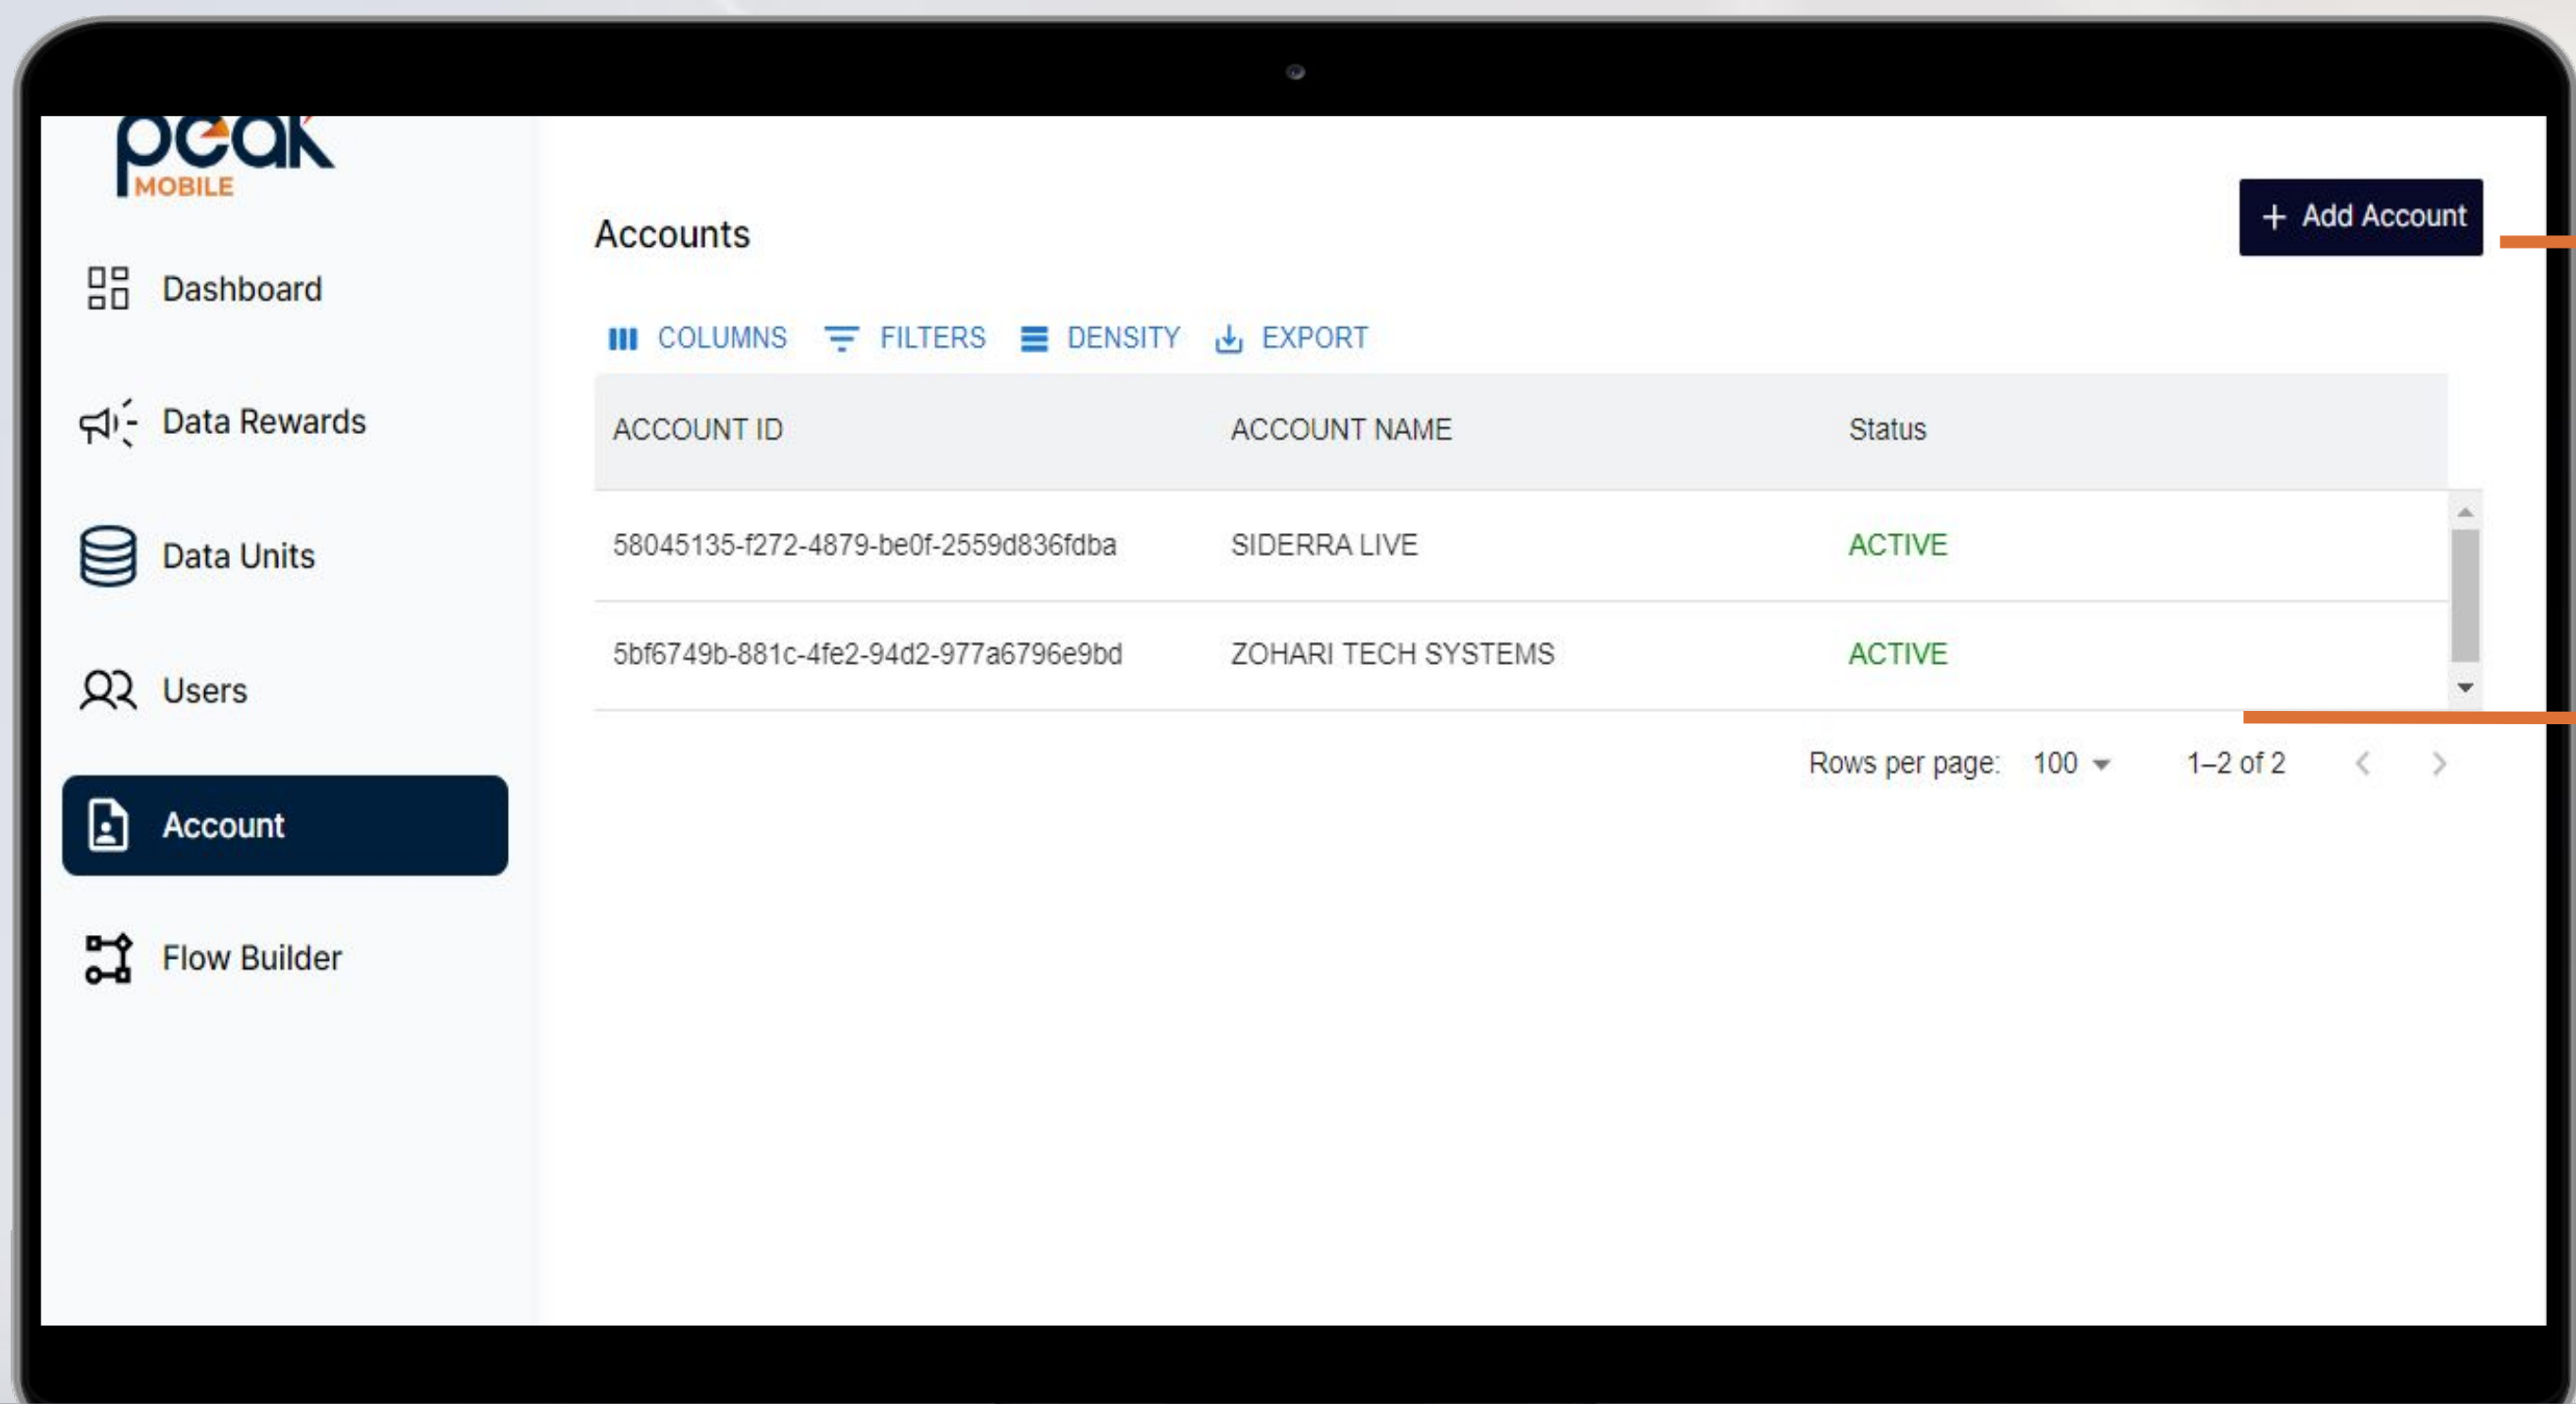

OK

Generate Vouchers

After successful creation of a voucher, the codes are recorded on an excel with clear instructions of how to redeem each one of them..

View & Manage Accounts

To create a new account, please click the “Add Account” button.

View list of existing accounts.

Create a new account

Create a new account by providing the name, email and description.

The screenshot shows a laptop screen with a 'Create New Account' modal form. The form is titled 'Create New Account' and contains three input fields: 'Account Name' with the value 'PEAK TEST ACC', 'Email' with the value 'peaktest@gmail.com', and 'Description' with the value 'This is a test account for peak'. At the bottom of the form are two buttons: 'Cancel' and 'Submit'. A green arrow points from the 'Submit' button to the text 'Review and submit' below the laptop.
